

General Rules:

Entries are preferred to be farm, ranch or dairy related or from any commercial businesses or organizations in the area. Examples can include but are in no way limited to - your imagination! Wagons, horses, cows, dogs cats, ATV's, mini-bikes, tractors, trailers, pigs, kids, the out-house, the Christmas Tree (see where we're heading!) even the mother-in-law! Anything that is in good illuminated taste!

All illumination can come from flashlights to glow in the dark items to the best possibility, hundreds of Christmas lights for your vehicles, floats, bands and walking groups. There must be some type of illumination that is foremost safe and festive... NO FIRE OF ANY TYPE. (Powering with a secure and safe generator is the obvious means to light up those Christmas lights!) Parade routes have once been approved by Merced County. Our staging area will be on Magnolia, Winfield and First Streets (SEE MAP) with the Parade to run south on Winfield, east (left) on Bloss, north (left) on Shoreen east (right) onto First, south (right) to Acacia (turning right) onto Roberts and back down a portion of Shoreen to First Street where the parade will make a jog to Cypress (past the 3rd Street Vending area and the Holy Rosary Church) turning right onto American with a quick left onto Amber, then right on Rhinestone which turns into Cameo, taking a left on Amethyst and a final turn (left) onto Diamond where the new parade will disperse on American to Magnolia or elsewhere.
